# Hybrid Workplace Solutions

Adapt a more efficient office ecosystem with Newline products that promote collaboration and communication for in-person and remote staff.

## WHAT WE RECOMMEND

Leverage these key Newline products for the perfect office technology ecosystem in a hybrid work environment and beyond. We're always in stock and ready to ship!

### IP Series

A wide range from 55" to 86" helps teams meet in small huddle rooms up to large conference rooms. No need to sacrifice interactivity or security due to office limitations with the IP Series.

### Meet Cam Set

Add exceptional video and audio to your team meetings with this 4K camera and portable bluetooth speaker - perfect for any room configuration to support social distancing and remote attendees.

### Newline Flex

Flex helps small teams meet in-person or remotely. Foster collaboration with the whiteboard, or easily connect team members in a video call on any UC client.
