Contract Summary

This is a Statewide Contract for Data, Cybersecurity, and Related Audit, Compliance, and Incident Response Services. Services include a full range of audit, penetration tests, reviews, and validation of compliance with legal, regulatory and policy requirements, and related services in areas such as data breach investigation, remediation, and security of confidential information

Contract Categories and User Scenarios

This contract includes 4 categories of services listed below.

Category 1: Full range of data and cybersecurity audits and compliance reviews and related consulting services, including best practices, gap analysis, scorecards, compliance with internal and external controls (e.g., internal process and procedures, HIPAA, IRS, PII, CJIS), and control validation).

When to Use:

For organizations in the early stages of cybersecurity planning, Category 1 is a good entry point, with awarded vendors providing a baseline cybersecurity readiness assessment. Vendors are available to audit and assess organizations' practices, infrastructure, and compliance with federal, state, other applicable laws and rules, uncover vulnerabilities and irregularities, and make recommendations for improvement. Category 1 may also be helpful in assessing changes to existing configurations and requirements. Examples of such changes could be infrastructure, vendors, policies and procedures, or legislative.

Category 2: Risk assessments as they relate to internal and external (3rd party) components. Services include risk management strategies, quality assurance audits, cloud security, vendor security, and data security management.*

When to Use:

Category 2 offers risk assessments when organizations implement significant changes to hardware or software infrastructure. Examples include a new application or server, adding cloud services, or introducing a new IT service provider. Awarded vendors review the new environment and report on possible data and security risks.

Category 3: Cybersecurity testing and readiness services including external/internal penetration testing, physical security assessments, social engineering assessments, vulnerability assessments, application testing, network security assessments, endpoint security assessments, tabletop exercises, identity and access management assessments.*

When to Use Category 3:

Vendors awarded to Category 3 provide assistance with assessing the organization's readiness for real-world cyber events, e.g. password cracking, cyber hacking, ransomware, and phishing to ensure security protocols perform as designed. Vendors essentially attempt to "break into" the network environment to identify vulnerabilities and suggest actions to prevent actual breaches.

Category 4: Information Security and Cybersecurity Incident Response services, including emergency incident response services, incident containment, mitigation, remediation, internal and external communications and required notifications, forensic investigations, managed threat detection and response. Contractors are prepared to engage within 24-48 hours, 7 days a week, and implement incident response protocols as negotiated by the buyer.**

When to Use:

When an organization believes that a cyber event may have taken place, vendors in Category 4 are available to assist with response efforts, including crisis management, business continuity, and communications strategy, among others.

Setting Up a COMMBUYS Account

COMMBUYS is the Commonwealth's electronic Market Center supporting online commerce between government purchasers and businesses. If you do not have one already, contact the COMMBUYS Help Desk to set up a COMMBUYS buyer account for your organization: (888)-627-8283 or OSDhelpdesk@mass.gov.

When contacting a vendor on statewide contract, always reference ITS78 to receive contract pricing.

Quick Search in COMMBUYS

Log into COMMBUYS and use the Search box on the COMMBUYS header bar to locate items described on the MBPO. Select Contract/Blanket from the drop-down menu.

How to Purchase from The Contract

- **Directly purchase fixed price items through COMMBUYS**

This contract allows buyers to find and quickly purchase specific products/services with pricing within COMMBUYS. In other words, it allows you to create a Release Requisition in COMMBUYS, submit the requisition for approval, and send the vendor a Release Purchase Order.

For a description of how to complete this purchase in COMMBUYS, visit the [Job Aids for Buyers](#) webpage and select:

- The *COMMBUYS Requisitions* section and choose the *How to Make a Statewide Contract Purchase in COMMBUYS* job aid.

Solicit quotes and select and purchase quoted item in COMMBUYS

COMMBUYS functionality provides a mechanism to easily obtain request quotes from some or all of the vendors on a Solicitation-Enabled Contract.

- *Visit the COMMBUYS Bids section and choose the How to Request Quotes From Vendors on Statewide Contracts job aid.*
- *Note that although in Step 9 of the process you will be asked to select one vendor only, it does not matter which one you select. After you select a vendor, you will be able to any or all of the vendors on the contract ("distributors") to your quote request.*

Be sure to include ITS78 RFQ when entering information in the Description field.

- **Document items in COMMBUYS that have already been purchased**

This type of contract allows buyers to document a contract purchase in COMMBUYS that already has taken place through a Request for Payment Authorization (RPA) Release Requisition. It also allows MMARS users to easily keep track of spend. NOTE: MMARS and COMMBUYS do not interface –payment request and invoice should be reported in both MMARS and COMMBUYS separately.

For a description of how to complete this purchase in COMMBUYS, visit the [Job Aids for Buyers](#) webpage, and select:

- The *COMMBUYS Requisitions* section and choose the *How to Record a Contract Purchase Previously Made (RPA Release)* job aid.

NOTE: Contract User Guides are updated regularly. Print copies should be compared against the current version posted on mass.gov/osd.

Obtaining Quotes

Contract users should always reference ITS78 when contacting vendors to ensure they are receiving contract pricing. Quotes, not including construction services, should be awarded based on best value.

Instructions for MMARS Users

MMARS users must reference the MA number in the proper field in MMARS when placing orders with any contractor.

Contract Exclusions and Related Statewide Contracts

This contract will not include any PCI-related services.

Emergency Services

Many statewide contracts are required to provide products or services in cases of statewide emergencies. [ML - 801 CMR 21](#) defines emergency for procurement purposes. Visit the [Emergency Response Supplies, Services and Equipment Contact Information for Statewide Contracts](#) list for emergency services related to this contract.

Additional Information/FAQs

Other Discounts

- **Prompt Pay Discounts:** A discount given to the buyer if paid within a certain time period. All discounts offered will be taken in cases where the payment issue date is within the specified number of days listed by vendor and in accordance with the Commonwealth's Bill Paying Policy. Payment days will be measured from the date goods are received and accepted / performance was completed OR the date an invoice is received by the Commonwealth, whichever is later to the date the payment is issued as an EFT (preferred method) or mailed by the State Treasurer. The date of payment "issue" is the date a payment is considered "paid" not the date a payment is "received" by a Contractor.

Performance and Payment Time Frames Which Exceed Contract Duration

All term leases, rentals, maintenance or other agreements for services entered into during the duration of this Contract and whose performance and payment time frames extend beyond the duration of this Contract shall remain in effect for performance and payment purposes (limited to the time frame and services established per each written agreement). No written agreement shall extend more than 12 months beyond the current contract term of this Statewide Contract as stated on the [first page](#) of this contract user guide. No new leases, rentals, maintenance, or other agreements for services may be executed after the Contract has expired.

Memorandum of Understanding/Statement of Work

All engagements entered into under ITS78 will require a SOW in the form of the "Statement of Work" with deliverable-based payments. Contracting Departments may include additional terms in the SOW. In the SOW, any and all costs or charges that will be billed under the SOW must be clearly identified. Vendors may include options for Fixed Price engagements, Time, and Materials engagements, or both.
